[Eleni Chasioti portfolio](#) • [LinkedIn profile](#)

UX Engineer and Product Designer with 5+ years of experience in designing and developing scalable digital products for the AEC industry. Specialized in design systems, front-end development (React.js, Vue.js), and computational design. Proven track record of bridging design and development to create intuitive, high-performance web applications. Background in architecture and MSc in Architectural Computation with expertise in user research, product coordination, and building design tools that enhance complex workflows.

Professional Experience

Design Systems Analyst

Foster + Partners | London, United Kingdom (Hybrid)

December 2024 - Present

- Design and develop scalable, consistent, and high-quality user experiences for internal design tools, marketing platforms, immersive applications, and full-stack web applications
- Own product coordination across multiple supported teams, ensuring alignment between design vision and technical implementation
- Conduct user research and usability testing to inform design decisions and validate product features
- Build and maintain design system components using React.js to ensure consistency across products
- Collaborate with cross-functional teams including designers, developers, and stakeholders to deliver user-focused solutions
- Drive product strategy and roadmap development for internal tooling initiatives

Senior Front-End Developer

Bryden Wood | London, United Kingdom (Hybrid)

January 2023 - November 2024

- Led end-to-end design, development, and testing of web-based configurators and design tools for the AEC industry
- Spearheaded front-end architecture evolution from vanilla JavaScript to Vue.js framework, improving code maintainability and scalability
- Designed user interfaces and interaction patterns that simplified complex architectural workflows
- Collaborated closely with backend development team to architect scalable, high-performance applications
- Conducted user research sessions and usability testing with internal design teams to iterate on product features
- Established design system guidelines and reusable component library to ensure UI consistency
- Mentored junior developers on front-end best practices

Associate Lecturer

Anglia Ruskin University | London, United Kingdom (Hybrid)

September 2021 - March 2022

- Delivered Essential Skills module in Architecture covering design fundamentals, digital tools, and technical competencies
- Designed and facilitated workshops, lectures, and hands-on learning sessions
- Assessed student work and provided constructive feedback to support skill development
- Integrated computational design tools and digital workflows into architectural education

Architect

Makridis Associates | Greece (On-site)

March 2019 - August 2019

- Designed small to mid-scale hospitality and leisure projects with emphasis on context-driven solutions
- Produced architectural drawings, 3D visualizations, and client presentations
- Collaborated with project teams on design development, technical coordination, and documentation
- Applied user-centered design principles to create functional and aesthetically compelling spaces

Skills

- **Front-End Development:** React.js, Vue.js, JavaScript (ES6+), HTML5, CSS3, SASS/SCSS, TypeScript
- **Design Tools:** Figma, Adobe Creative Suite, Sketch
- **UX/UI Methods:** User Research, Personas, User Journey Mapping, Wireframing, Prototyping, Usability Testing, A/B Testing
- **Design Systems:** Component Libraries, Design Tokens, Style Guides, Pattern Libraries
- **Computational Design:** Grasshopper, Rhino, Python, Algorithmic Design
- **Methodologies:** Agile, Scrum, Design Thinking, User-Centered Design
- **Other:** RESTful APIs, Responsive Design, Accessibility (WCAG), Performance Optimization

Education

Master of Science (MSc) in Architectural Computation

The Bartlett School of Architecture, UCL | London, United Kingdom

2019 - 2020 | Grade: Distinction

Master of Architecture (MArch)

Aristotle University of Thessaloniki (AUTH) | Thessaloniki, Greece

2013 - 2019 | Grade: Distinction
